BOX PICTURE

Entac solar outdoor lamps provide the light you need in all cases. Due to their motion sensor function, they only turn on when motion is detected within a range of 3-5 meters. With their solar function, these products offer an energy-efficient and affordable lighting option. The product operates with 20 and 40 SMD LEDs, with a 2W and 4W output, a brightness of 200 and 500 lumens and it has a Li-ion battery. Due to their IP65 water and dust-proof properties, they are truly long-lasting. Their operating time is a maximum of 6 hours.

The Entac Flashlight category includes numerous other products. Learn more about these on the following [link](#).
